John R. Torres
Regional Manager
Colorado Division of Wildlife
6060 Broadway
Denver, Colorado 80216

Dear Mr Torres.

We have recently received concurrence from our headquarters office that an environmental assessment (EA) should be prepared for the Colorado Division of Wildlife (CDOW) proposal to release plains sharptailed grouse on Rocky Flats Plant. Preparation of the EA should be underway within the next couple of weeks. The staff assigned to write the EA will very likely be contacting members of CDOW staff for information and input into the EA as it progresses.

We have heard informally that representatives of the CDOW legal staff are willing to meet to discuss the legal issues involved in the grouse transplant. We feel that discussions should be initiated when all of the pertinent information has been gathered into the first draft of the EA. Department of Energy will contact CDOW to initiate the discussions when the first draft is available.

Please contact Tricia Powell at (303) 966-3260 for updates on the progress of the EA.

Sincerely,

James K. Hartman
Assistant Manager
for Environmental Management
